To: . Foreign Patent Committee  
From: . W. B. Cridlin, Jr.  
Subject: . Cases for Foreign Filing

Date: July 19, 1973

In his letter of July 17, 1973, Dr. Inskeep of the Patent Group forwarded his recommendations for the foreign filing of four Research Department patent applications. These recommendations made by Dr. Inskeep are tentative and your own recommendations concerning each case are solicited.

Dr. Wakeham has suggested for Case III that we wait until the first of October to see what our interest may be in filing this application. We have until January 22, 1974, to complete our foreign filing on this case; therefore, waiting until the first of October will not present any problem in our foreign filing.

Please let me have your comments as soon as possible. You may write your comments on the list and return it to me or notify me by separate letter, whichever appears to be most convenient for you.
